Posebnosti

Nekateri glagoli imajo obe obliki, vendar njihov pomen ni enak:

THINK

Ta glagol tvori samo 'Present Simple', kadar pomeni 'misliti', 'Present Continuous' pa takrat, kadar pomeni 'premišljevati' in se ponavadi pojavlja skupaj s predlogom 'about':

I think you're right.

Mislim, da imaš prav.

I'm thinking about you.

Premišljujem o tebi.

HAVE

Ta glagol tvori 'Present Continuous' v besednih zvezah, kot so: to have a bath, a shower, dinner, lunch, supper, breakfast, tea, a meeting, an appointment...

I'm just having a shower.

Ravnokar se tuširam.

V večini ostalih primerov 'have' kot polnopomenski glagol tvori le 'Present Simple':

I have a brother.

Imam brata.

TASTE

The soup tastes delicious.

Juha je slastna.

I'm tasting the soup.

Okušam juho.

HEAR

I hear a noise.

Slišim hrup.

I'm hearing the witness.

Zaslišujem pričo.

FEEL

He feels a pain.

On čuti bolečino.

He's feeling the silk.

On otipava svilo.

SEE

I see you.

Vidim te.

We're seeing them at seven o'clock.

Z njimi se bomo sestali ob sedmih.

SMELL

My dog's **smelling** a rose.

Ta vrtnica čudovito **diši**.
Moj pes **ovohava** vrtnico.

LOOK

She **is looking out** the window.
She **is looking up** a new word she heard yesterday.
